

ESSENZA

SLIDING COLLECTION

ESSENZA literally indicates the characteristics of an object which constitute its essence.

ESSENZA is the latest of these collections but represents the beginning of everything, the base on which Frames, Filo and Fusion are built, as well as the beginning of the history of Metalglas.

ESSENZA bezieht sich auf jene Bestimmtheit einer Sache, die ihre Natur ausmacht. ESSENZA ist die neueste dieser Kollektionen, stellt jedoch den Anfang von allem dar, die Grundlage, auf der Frames, Filo und Fusion aufbauen, sowie den Beginn der Geschichte von Metalglas.

Literalmente ESSENZA indica aquellas determinaciones de una cosa, que constituyen su naturaleza. ESSENZA es la última de estas colecciones, pero representa el comienzo de todo, la base sobre la que se construyen Frames, Filo y Fusión, así como el comienzo de la historia de Metalglas

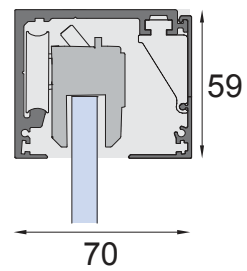

Littéralement, l'ESSENCE indique les déterminations d'une chose, qui constituent sa nature. ESSENCE est la dernière de ces collections, mais elle représente le début de tout, la base sur laquelle sont construites Frames, Filo et Fusion et le début de l'histoire de Metalglas.
